

TECHNICAL SERVICE

Repair and maintenance of vacuum pumps and leak detectors

- Maintenance of rotary vane pumps, turbomolecular pumps, diffusion pumps, cryogenics pumps and ion pumps
- Leak detectors' maintenance
- Back up pumps
- Cryogenic pump retrofit
- Possibility of contracts for planned assistance

RIAL Vacuum prides itself on over 20 years' experience in the field of maintenance and repair of the main pumping unit brands, granting a 6-month guarantee. It can also provide filters, cartridges, oil (standard and silicon), and in some cases, also back-up pumps for exchange and retrofits.

DISTRIBUTION
